

Excel Macro - 용량 초과로 변환 실패

Excel 파일 용량 초과로 변환 실패할 수 있다. `xlsxmaxsize` 변수를 조정하여 해결할 수 있다.

- `sudo vi /opt/atlassian/confluence/bin/setenv.sh`
- Append to the `JAVA_OPTS` variable: `"-Dofficeconnector.spreadsheet.xlsxmaxsize=10485760"`

Insert 'Office Excel' Macro

Inserts Microsoft Excel content into the page [Documentation](#)

Page Name

Excel drawings

Confluence page containing the attached .xls file. If not specified, the current page is assumed.

File Name *

Development_Process_En_20180

Name of the attached .xls file to view in this page.

☒ Show Grid?

Shows or hides grid lines.
