The screenshot shows the SonarQube Administration interface. The top navigation bar includes 'sonarqube' logo and tabs for 'Projects', 'Issues', 'Rules', 'Quality Profiles', 'Quality Gates', and 'Administration'. The 'Administration' tab is active. Below the navigation bar, there's a search bar and a user profile icon. The main content area is titled 'Administration' and has a sub-menu with 'Configuration', 'Security', 'Projects', 'System', and 'Marketplace'. The 'System' sub-menu is selected. Under 'System', there's a 'System Info' section with a 'Logs level: INFO' dropdown and buttons for 'Download Logs', 'Download System Info', and 'Restart Server'. The 'System Info' section is expanded, showing a table of system details. The 'Lines of Code' row is highlighted with a red box, showing a value of 1,379,301.
